COLES WHALEN

The Woman at the Center of a Landmark Supreme Court Case

BE THE FIRST DOMINO

Inspiring a Culture of Courage and Change

Part Keynote. Part Concert.

With story and song, Coles takes audiences through her thirteen-year stalking ordeal to the U.S. Supreme Court, where a fight to protect herself became a movement to protect others.

Her story is a catalyst for audiences to:

- *Understand crimes of power and their impact on people, workplaces, and communities*
- *Build a culture of courage where everyone feels safe to speak up, step forward, and act*
- *Recognize their own influence and find the confidence to be the first domino*

Coles' work has helped shape groundbreaking legislation protecting survivors. Her story and insights have been featured across television, print, radio, and digital media.

> ***"The most impactful presentation we've hosted in the 25-year history of this conference."***
